## TECHNICAL EXPERIENCE

---

### Project P3

APRIL 2022 - MAY 2022

#### Team Lead - BCIT Industry Client Project

*Created an app to showcase upcoming real estate developments built using ASP.NET Core backend with SQL Server database and React frontend.*

- Coordinated daily scrum meetings for 5-person team to ensure focus remains on sprint goals and provide support as needed.
- Identified and corrected multiple bottlenecks and bug fixes to achieve exact UX requirements set by the project sponsor.

### QuickRez

JAN 2022 - APRIL 2022

#### Team Member - BCIT Internal Project

*Designed and developed a restaurant reservation platform built using ASP.NET Core backend and razor pages frontend.*

- Developed dashboard, reservation and landing page using Bootstrap and JQuery.
- Implemented Google OAuth along with JWT based authorization.

### PollKing

JAN 2022 - APRIL 2022

#### Personal Project

*Designed and developed a survey management product where user generated surveys are publicly accessible for voting.*

- Implemented a scalable AWS serverless backend and a ReactJS frontend.
- Created database layer to increase applications' efficiency, scope and operability.

## WORK EXPERIENCE

---

### Self Employed

OCT 2019 - SEPT 2021

#### Various Rideshare and Delivery Companies

- Managed multiple tasks while maintaining excellent customer satisfaction ratings.
- Optimized positioning and schedule to reduce wait times and increase revenue.

### Gateway Casinos, Burnaby

JUNE 2015 - OCT 2019

#### Poker Supervisor

- Oversaw staff and ensure the poker room follows all rules and regulations set by the casino while focusing on guest satisfaction
- Stayed level-headed during encounters with aggressive and inebriated guests. Used laughter to de-escalate potential disputes.
